Rubber bands for Locking

How to use colours:

Pour the required quantity of color in a color palette (Not provided in the kit) with a brush. Now wet the sponge in water and squeeze it to drain out excess water. For Broad areas, dip this sponge directly in color and start coloring. For areas where you desire more precision, please use brush.

Use of water:

Please note that MDF material should be kept away from water and moisture. Keep it packed in polybag till you are not using the kit. Also while using colors, you don't need to use water except to wet or clean the sponge or brush. In case if the colors are dry, you may pour some water in the tub and stir it. Do not use excess qty.

Wet the sponge.

squeeze to drain excess water

Use sponge directly for coloring broad areas.

Lets Begin with the stand: Suggested ratio for light yellow shade is 1 PART yellow : 2 PARTS white.

You may color area on the inside as well which would be visible after assembly

1) Colour the base stand with sponge.

2) Repeat the proces for all 4 pcs. Give sufficient time for air drying.

3) Start joining the pcs. as shown. **Be careful not to apply extra pressure which can result into breakage. Do it Gently.** Pls note that all the 4 pcs would have notches upwards.

Base ring:

1) Colour only on the periphery areas as shown. No need to color entire base.

2) Mount the base on stand as shown

3) Tie Rubber bands for locking.

Side Panels

Colour the side panels with sponge. You may use Blue color directly without any addition.

Character panels:

Broader areas with sponge

Leave this area uncolored.

Precise areas with brush

Suggested Color for character panels is light blue (3 Parts white: 1 part blue)

Allow a color to sufficiently air dry before applying the next colour.

Once dry, draw Bold outlines with sketch pen

You may Apply Glitter to certain areas.

Decorate with fabric trims.

Decorate with sequins.

2 leaves + Flower + sequin

Colour The Top Disc and 4 Front MDF decor elements

Final Decorated Panels

See how fabric trims, sequins, Sequin lace, Decor glitter stones, Fabric Bow and star, thermocol balls have been used.

Let's Assemble: Do it gently to avoid any breakage.

Start inserting the 4 character panels in Base ring slots as shown . Tie a rubber at the bottom for locking.

Fitting the 4 blue side panels:

Place the panels as shown.

Make sure they pass through the slots of top and base rings.

SUMMARY OF PRECAUTIONS:
PROTECT MDF FROM WATER OR MOISTURE.
ASSEMBLE GENTLY TO AVOID BEAKAGE.
STUDY INSTRUCTION SHEET THOROUGHLY

Lock with rubber band on top and bottom

Insert 4 MDF Decor elements in front of character panels in outermost slots of base disc as shown

And there you go !
All the hard work finally pays off.
Here's your master Piece !!!
Have a great crafting time.

Instructions for using the craft product with a bulb.

SAFETY AND PRECAUTION

Pls note: This product is a toy. It does not contain any electrical parts or accessories. Its intended use is for craft and as a table decor. Its use with a bulb is only a suggested application and should be strictly done only under adult supervision. While using it with any electrical accessory, do not use it as a toy. Please take all required precautions like using standard quality wires, bulbs and holders. Keep a check on temperature inside the lantern as in rare case of lack of ventilation and sustained overheating can cause it to burn.

Take a Holder with wire and plug, and one bulb of an normal room use wattage. The installation can be done after fixing the Base disc. Remaining steps remain just the same.

Unscrew holder ring and pass the base of holder through centre hole of base ring.

Now screw the ring of holder so that the holder fits properly and does not move.

Once ready, light it up. The look would be better when other light sources are turned off. Please monitor safety of electrical connection and temperature of lantern to prevent any overheating. Do not leave it unattended when used with a bulb.

Thanks for purchasing a Happy Kidz product !
